### DETAILED ACTION

Appellant's Notice of Appeal has been entered.

The appeal brief presented on January 27th, 2005, is in non-compliance with 37 CFR 41.37 for the following reason(s):

Appellant has indicated a single grouping of claims (1 and 2) to stand or fall together while those claims are imparted with two distinct rejections. This single grouping for the challenge of multiple rejections is improper. Appellant must either separate the rejected claims into groups reflective of the multiple rejections on appeal or provide a statement of basis for the claims under the same rejection that do not stand or fall together. (See Brief Paragraph VI –VII & 37 CFR 41.37. Hence while it is now asserted that claims 1 and 2 stand or fall together the applicant has challenged the standing of two separate rejections applied to two separate claims (1 and 2) based on one reject as applied to one claim.

Section V contains an incorrect heading and fails to incorporate supporting citations from applicants disclosure.

Section VI contains an incorrect title and the grounds of rejection need state no more than the rejection and claims subjected to the rejection. (Claims 1 through 10 stand rejected under 35 USC U.S.C. 102(b) as being anticipated by U.S. Patent No. xxx)

Art Unit: 3714

Section VII should be titled "Arguments" and address each ground of rejection under a separate subheading. Any claim(s) argued separately should be placed under a sub-heading

Section VIII is incorrectly labeled and should contain a copy of the claims involved in the appeal.

Sections IX and X are missing.

The appeal brief has been filed under the prior rule 37 CFR 1.192. New rules regulating appeals became effective September 13<sup>th</sup>, 2004. See Federal register, Vol. 69, No. 155/ Thursday August 12<sup>th</sup>, 2004 and

[www.uspto.gov/web/offices/pac/oplapresentation.html](http://www.uspto.gov/web/offices/pac/oplapresentation.html) for the September 16th, 2004 training presentation entitled "final rule making on Practice Before the Board of Patent Appeals and Interferences (BPAI). Appellant must submit a new appeal brief under the requirements as set forth by 37 CFR 41.37
